Profiling

● Your Profiling

Personal profiling is the first step in career planning. The purpose of profiling is to understand your current career planning stage. It will help decide your career objective and roadmap. The ultimate aim of the planning is to take you from the current stage of career planning to the optimized stage of career planning. Personal profiling includes information about your current stage, the risk involved and action plan for your career development.

Current Stage of Planning

Methodical

Methodical: You are at the methodological stage in career planning. We understand that you are having enough resources and information about career planning. You have better idea of your career options and career path. But you are in need of concrete plan to achieve the goal. Mostly career decisions are planned.

Risk Involved: Wastage of time, unnecessary stress.

Action Plan : Prepare realistic execution Plan > Timely reviews of action Plan > Believe in yourself

Result of the Multiple Intelligence

● Your Multiple Intelligence Types

Analysis of Multiple Intelligence
